SHIRO Pre-Fall20

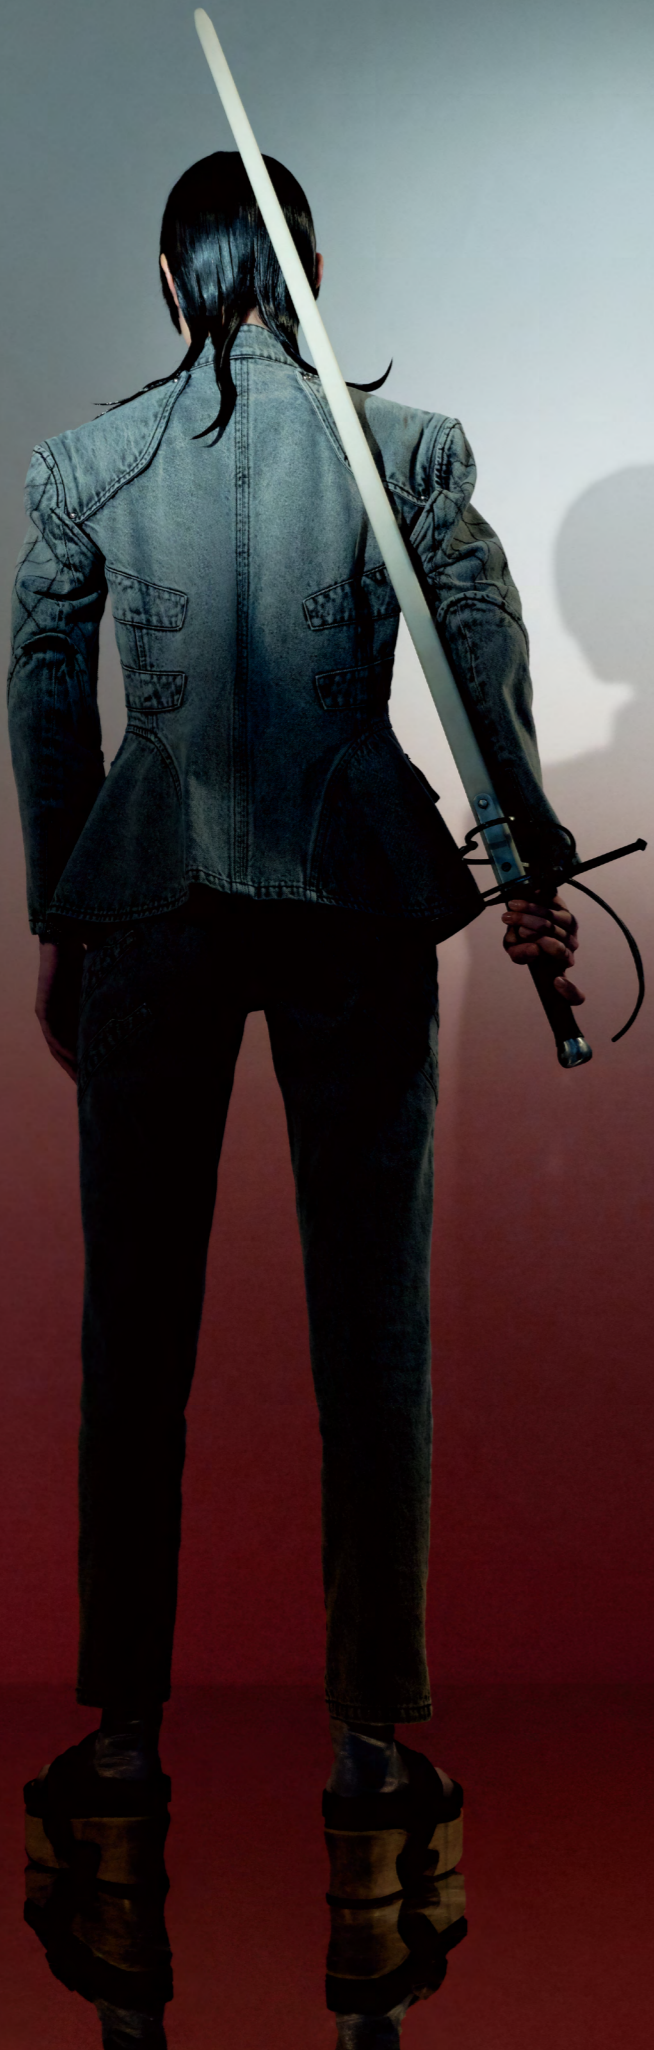

It's really outdated to describe female strengths by only one benchmark when talking about "heroines", and valiance and gracefulness are in no way incompatible with them . In UOOYAA's opinion, heroine could be fashionable girls who possess spontaneity and don't persist in perfection for everything. They pursue their inner self without considering the gaze of others. UOOYAA 2020SS collection brings together such girls with different background and reveals the spirit of "Heroines".
